The Master Plan meeting started at 6:00pm. Due to this meeting not having a quorum, nothing will be voted on, just discussed.

June Garneau went over what was reviewed from the last master plan meeting. Chapter, 10, 5, and 6. The board and committee discussed the Vision Statement, survey results, mapping and other loose ends.

The board and the committee looked over typos, acknowledgement, and vision statement, info from the selectman's office, survey results, implementation plan, and an Email from Sandy Laleme. There was discussion on maps, with color coating for districts. Deer Yards were discussed.

There was talk about updating the cover page of the Master Plan with a more current look at Bethlehem.

Mike Bruno motion to adjourn at 8:00pm, Marie Stevenson seconded.

Respectfully submitted
